Freedom of Information Ref No. FOI37

Dear [REDACTED]

Thank you for your Freedom of Information request received on 12 December 2020.

You asked the Money and Pensions Service the following:

“Please can you confirm the person responsible for IT/Information Security. Different organisations have different job titles for this responsibility, I’ve listed below the possible job titles:

Manager or Head for IT, Cyber, Information Security, IT Security, Information Governance or CIO (Chief Information Officer) or CISO (Chief Information Security Officer). Please can you provide name, job title, email, direct phone number/mobile number.”

Money and Pensions Service Response:

I can confirm MaPS holds information relevant to your request but some of the information is exempt. Section 40(2) of the Freedom of Information Act states I am unable to disclose staff members details which are not available in the public domain. To do so would contravene the data protection principles. For this reason, I can only disclose the job title of the members of staff that you have requested.

At MaPS the primary people responsible for IT/Information Security are the Chief Digital and Information Officer, Chief Technology Officer, and Cyber Security and Information Assurance Manager. If you wish to contact a member of the IT/Information Security team you may do so by email at contact@maps.org.uk

I hope this information is helpful. If you have any queries about my response to your request do not hesitate to contact me. Please remember to quote the reference number above in any future communication.

Yours sincerely,
